THE SOURCE FOR LOCAL

EXPLORE. EXPERIENCE. ENJOY.

Harvest Ontario Guide and HarvestOntario.com combined are the largest source for agritourism experiences in Ontario. Since 2001, we have promoted producers and the bounty of "good things Ontario" featuring local pick-your-own farms, roadside markets, farmers' markets, wineries, craft breweries, farm-stay vacations, honey producers, meat producers, fairs, Christmas tree farms and more. You can discover all the bounty Ontario has to offer throughout the year within our "must-have" annual print guide or online at the highest ranked agritourism website in the province, HarvestOntario.com. Socially, we carry the conversation on Facebook, Instagram and Twitter.

For our advertisers, we provide the ultimate win-win buy. Your commitment provides support to local producers at the grassroots and aligns your organization with the highly positive 'buy local' consumer movement. The demand for local has never been so high and our readership, built over the past 17 years, is extremely loyal to our brand and its advertisers.

Harvest Ontario can create customized multi-platform marketing and branding programs to help you reach key targets in the GTA and Ontario. A member of our sales team will gladly listen to your objectives and develop a program that will help achieve your brand objectives.
